

ORDER BOARD

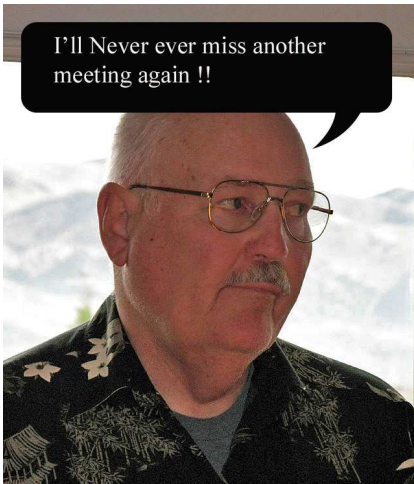

December 2006

From The Engineer...

Your Engineer has been a bit off schedule in getting the "Order Board" out as scheduled. So, he is going to get November and December information in one mailing.

First I will start with the November meeting, the first for me as Engineer.

I would like to thank Rosemary and Paul Volpp for being the most gracious hosts. Their house was absolutely beautifully decorated for the Holiday Season. The food was great. Thanks to all who contributed. Paul had at least 4 trains running on the lower level. As usual Paul had rearranged the displays of much of his other equipment.

UP COMING EVENTS...

January, 2007, We need a Host!!! Please let me know if you would like to host the meeting. Geoff Brunner, geoff@gbrunner.org or 775-265-2990.

February 18th, 2007, 1 pm at the home of Harold and Florence Wiebkes.

Please RSVP to your hosts before each meeting.

The business meeting was held to a minimum but I had the pleasure of presenting a Tank Car to Eric Horst as a token of his leadership for the past year. And again from all of the membership. Thanks Eric.

Gee!

Look at what I got!

Hawley McLean gave us an update for the 2007 edition of Water & Rails Pond and Garden Railroad Tour. The 2007 Tour will be held on the weekend of July 13th to 16th. Friday evening the 13th hours will be 7 to 10:30 pm and Saturday and Sunday will 10 am to 4 pm. *(I am sure more than one of our members will need and appreciate some help. Please keep it in mind.)*

Hawley also informed us that a Home and Garden Show with a Garden display will be set up. It will include a railroad. And as I understand it we will be staffing it. The dates are Friday, March 30th, Saturday, March 31st and Sunday, April 1st. *(I don't have the hours yet.)*

Now for the Snowy and Icy **DECEMBER MEETING**. Sixteen hardy souls arrived at the Washoe Flats Steakhouse for the December meeting and Dinner. A few of us got there before 5 and several did not get there until after 7. Those of us that live south of Carson City did not have much of a problem. A Fernley contingent was present and four late arrivals came from Sparks/Reno.

We had a very short business meeting where it was decided that the drawing for the Track Cleaning Car that Frank McCluen has donated would be held at the next meeting to give more people a chance to win it.

Nancy Humphries had several items for a drawing. The winners were Frank McCluen and Teri Ritch.

Until the January meeting...

Geoff Brunner

Pat Brunner, Jack Wyle, Mary Wyle and Marilyn Gitelson
